Experience

Mr. Keene is president of Archaeological Research Incorporated and manages a full time staff of six archaeologists and historians conducting Historic Preservation Planning and Section 106 archaeological and historic investigation projects throughout the States of Illinois, Wisconsin, Iowa, Indiana, Missouri and Michigan and Oklahoma. He is responsible for planning and executing Phase I, II, and III archaeological projects as well as historic surveys, nominations to the National Register of Historic Places, and HABS/HAER Documentation Projects. His skills have been applied to both private and public projects of various sizes including excavation of historic cemeteries and documentation of major architectural landmarks. In addition, Mr. Keene is on the Board of Directors for several local and national archaeological societies and historic preservation groups.

Mr. Keene has been active in preservation planning projects and heritage tourism projects. The most notable of these is preparing managements plans for Route 66 in Illinois and Oklahoma and the Historic Chicago Portage Project in suburban Chicago.

Prior to founding Archaeological Research Inc. David Keene was a part-time instructor at Loyola University of Chicago where he taught courses in Anthropology and Sociology.
