### Experience

Dr. Keene has worked as an archaeological consultant since 1980 and founded Archaeological Research Incorporated in 1991. He manages a staff of archaeologists conducting Historic Preservation Planning and Section 106 archaeological and historic investigation projects throughout the States of Illinois, Wisconsin, Minnesota, Iowa, Indiana, Missouri, Michigan, Ohio, Pennsylvania, and Oklahoma. He is responsible for planning and executing Phase I, II, and III archaeological projects as well as historic surveys, nominations to the National Register of Historic Places, and HABS/HAER Documentation Projects. His skills have been applied to both private and public projects of various sizes including excavation of historic cemeteries and documentation of major architectural landmarks. In addition, Dr. Keene has been on the Board of Directors for several local and national archaeological societies and historic preservation groups.
